† Original notice of the question was received in Hindi.

THE MINISTER OF STATE OF THE MINISTRY OF HEALTH AND FAMILY WELFARE (SHRI N. T. SHANMUGAM): (a) The total number of Government primary health centres functioning in rural areas are 23179. A State-wise break-up of primary health centres is given in the annexed statement *{See* below).

(b) Recruitment and deployment of doctors at the primary health centres is the responsibilty of State Governments. Ministry of Health and Family Welfare has been frequently urging the State Governments to : (1) resort to decentralized recruitment to fill-up vacancies of doctors, (ii) to improve infrastructure facilites for doctors so as to reduce their hardships, (iii) consider reserving a minimum of 25 % of post-graduate seats for in-service Medical Officers who have put in a minimum of three years of service in rural areas with a bond that they will serve Government at least for five years, (iv) fill-up vacancies of *doctors by* making rural service obligatory for three years, (v) appoint doctors on contract basis wherever feasible.

(c) Government is aware of the news item. Specific action to motivate the medical fraternity to seriously attend to their responsibilities in the primary health centres lies with the State Governments, Ministry of Health and Family Welfare keeps urging State Government to be more vigilant.

Additionally, Government has approved the National Population Policy 2000 which contains innumerable interventions to increase the numbers and categories of health care providers in rural areas, in order to improve coverage and out-reach.
